

# **COMPARTMENTS of the HEART**

**Frame of Reference** retains basic doctrines as a system for building doctrine on doctrine. We start with the simple ones and advance to the complex.

**Memory Center** is where the doctrine we believe is filed away for longterm memory.

**Technical Vocabulary** needs to be developed before we can advance in any area.

**Norms and Standards** everyone has, but doctrine changes our norms and standards to line up with the Word of God.

# **THE HEART has:**

**Mentality** is mental power, capacity, intelligence, or mode of thought.

**Conscience** is the evaluator of our norms and standards.

**Romans 2:15** - *in that they* [Gentiles] *show the work of the Law written in their hearts* [Norms & Standards], *their conscience bearing witness and their thoughts alternately accusing or else defending them,*

**Self-Consciousness** is awareness of self.

**Volition** is the ability and responsibility of making choices and decisions.

**Viewpoint** is a combination of what you have in your frame of reference, memory center, and norms and standards that determines what you think about everything.

**Emotion** is the physiological response to what is in the soul, not part of the soul, but interacts with it.

- Cannot think
- Responds to thinking in the heart or to **MAS** Mental Attitude Sins
- God tests the emotions
- Words for emotion:
  - KILJAH** Hebrew, **NEPHROS** Greek, **Reins** [kidneys],
  - SPLAGCHNON** [intestines],
  - KOILLIA** [belly]
